In re: Schmidt et al : DECISION ON REQUEST  
Serial No.: 08/836,369 : UNDER 37 CFR 5.25  
Filing date: May 13, 1997  
Docket No: 004-1-3  
Title: Temperature-Measurement Instrument with Diffractive Optics

This is a decision on the petition filed on March 5, 1999 and renewed on June 25, 1999 for retroactive foreign filing license.

It has been determined that a retroactive license for foreign filing under 35 U.S.C. 184 be granted with respect to the filing(s) listed below. The petition complies with 37 C.F.R. 5.25 in that there is an adequate showing that the subject matter in question was not under secrecy order, that the license was diligently sought, and that the material was filed abroad without the required license under 37 C.F.R 5.11 through error and without deceptive intent.
